

Tim Nowak

Subject Matter Expert

Tim Nowak supports PCG's Public Safety Consulting Services team as a Senior Project Specialist, focusing on both EMS-specific and combination fire/EMS projects related to feasibility studies, operational analysis, combined services reviews, and program evaluations. He also extends his background in content development and delivery into various outreach and marketing opportunities within PCG.

 TimNowakEMS

Expertise

- Emergency medical service (EMS) training program design and delivery
- EMS administration, operations, planning, and logistics
- Protocol development, quality assurance, and performance improvement
- Data tracking and reporting
- Compliance and professional standards
- Community paramedicine and community risk reduction

Experience

Tim Nowak joined PCG in May 2021, following a nearly 20-year career as an EMS clinician (career firefighter and paramedic/critical care paramedic), educator, content contributor, and administrator with extensive background in training, quality assurance, administration, operations, logistics, and mobile integrated healthcare/community paramedicine disciplines. His work experience spans rural, suburban, urban, and hospital settings in four states as well as various EMS association boards and state rule work groups. He is a Nationally Registered Paramedic with additional credentials as a Supervising Paramedic Officer and Managing Paramedic Officer, and has instructor experience teaching all categories within the National Registry of Emergency Medical Technicians (NREMT) National Continued Competency Requirements, Basic Life Support (BLS), Advanced Cardiovascular Life Support (ACLS), and Pediatric Advanced Life Support (PALS). Most recently, Tim served as Assistant EMS Chief of Special Operations for a county-wide, municipal EMS agency in Florida running over 50,000 calls per year. Tim is also the founder and CEO of Emergency Medical Solutions, LLC, an independent EMS content and development company that he established in 2010.

Publications

With over 200 published works to date, Tim is an experienced content contributor and columnist for a variety of well known industry outlets such as *EMS1*, *FireRescue1*, *Trauma System News*, *EMS Professionals*® magazine, and others. He is also the founder and Editor-in-Chief of *EMS Director* magazine, a publication and brand dedicated toward building professional development for EMS. A sampling of Tim's recent published works include:

- Nowak, T. (2021, June 2). [Training Day: Combining forces to verify tube placement](#). EMS1.
- Nowak, T. (2021, June 1). [10-Point MVC safety checklist](#). EMS1.
- Nowak, T. (2021, April 2). [10 things rural EMS providers need to consider](#). EMS1.
- Nowak, T. (2020, August 11). [Community paramedicine as EMS's CRR program](#). FireRescue1.

Tim has also developed and delivered over 100 hours of webinar-based education content and has been a guest on multiple podcasts, which are available online.
