

## Jason Fuller

### Subject Matter Expert

Jason Fuller supports PCG's Public Safety Consulting Services team as a Senior Project Specialist, focusing on both EMS-specific and combination fire/EMS projects related to feasibility studies, operational analysis, combined services reviews, and program evaluations. Jason has a passion for evaluating policy alternatives and ensuring transparent communication with potential stakeholders. Jason has a desire to help our clients learn how to communicate effectively with their elected officials.

 JasonFullerEMS

### Expertise

- Private/municipal relations in emergency medical service (EMS) delivery
- EMS administration, operations, planning, and logistics
- EMS instructing programs
- Protocol development, quality assurance, and performance improvement
- Consolidation of private departments and mergers of private/municipal departments
- Compliance and professional standards

### Experience

Jason joined PCG in 2022 and brings extensive experience to the Public Safety Consulting Services team. Having started his career as a Basic EMT with a volunteer fire department, Jason has obtained his paramedic and multiple advanced fire certifications. Throughout his career, he has worked for private non-profit, for-profit, municipal, and county government organizations. Jason has directly participated in, and seen the results of, multiple consolidations and one private organization merging with a municipality. A decorated paramedic and a tenured fire officer, his most recent assignment was the Battalion Chief of EMS operations for a municipal fire department. Tasked with running the operations of his shift, Jason was the primary contact for all EMS-related operations and logistical concerns. He has been repeatedly awarded for his paramedic skills at the state level and once at the national level. Jason's passion for providing the top-level medical care and fire prevention services has followed him through his career and into his administrative roles.

### Education

Jason attended the University of North Carolina Wilmington (UNCW) where he obtained a bachelor's degree in psychology. Concurrently, he was able to attend a local community college, earning his EMT-Basic and ultimately his paramedic certifications. He later returned to UNCW to complete a master's degree in public administration. Jason has regularly focused on improving his education and has received advanced training from various institutions like the National Fire Academy, the Center for Public Safety, and the North Carolina Association of Fire Chiefs.

### Certifications

- Nationally Registered Paramedic (NREMT)
- State Paramedic Certification (North Carolina)
- Chief Officer Executive Development Program (NC Association of Fire Chiefs)
- Level 2 Paramedic Instructor (North Carolina)
- Managing Fire Officer (National Fire Academy)
- Fire Fighter-II, Driver/Operator-Pumper, Fire Officer-II, Fire Instructor-II (IFSAC)
- Technical Rescue Certifications (Water, Confined Space, Wilderness, General) (IFSAC)
